

John Wood ENERGY STAR[®] qualified Power Vent water heaters are engineered for increased efficiency and deliver dependable, trouble-free operation. The John Wood[®] Power Vent water heater design includes an advanced gas control with self-diagnostic capabilities for quick and easy servicing.

Features

Energy Savings

- ENERGY STAR[®] qualified
- Exceed NRCAN energy efficiency standards

Designed for Performance

- Compact design – ideal as a replacement water heater and for closet installations
- Exclusive TankSaver[®] design to prolong tank life
- Convenient 3/4" side water connections for combination applications on 62,000 BTU units

Safety Features

- Flammable vapour sensor detects the presence of flammable vapours and automatically disables the unit, preventing ignition
- Robust air intake snorkel inhibits flammable vapours from entering the sealed combustion chamber

Serviceability

- State-of-the-art gas control features advanced self-diagnostic capability that makes troubleshooting easy
- Conveniently located T&P and drain valve for ease of serviceability

The Ultimate in Venting Flexibility

- Can be vented with ULC s636 PVC, CPVC or polypropylene pipe

WARRANTY

8 Year Limited Tank Warranty

6 Year Limited Parts Warranty

Consult installation manual for terms and conditions or visit www.johnwoodwaterheaters.com for more information.
